Care instructions

Home decoration collection of fine handcrafted products Is made of natural fibers and dyes, resulting in Individual differences, coupled with each piece of beauty. Expected some fall off: this is not a defect in the carpet.

- Vacuum your rug using a low-powered vacuum cleaner.
- Do not pull any loose threads, use scissors to cut.
- Do not dry clean, occasional cleaning from a professional rug cleaning company is recommended.
- Avoid harsh chemicals that could damage/fade your rug and backing.
- Do not fold your rug for storage, store by rolling it front side out and wrapping it in polybag/cloth for protection.
- Use of a rug pad is recommended.
